# ABOUT US

The Orangerie Tearoom was founded in 2019, opening its doors to the public for the first time on a sunny day in May.

The Orangerie is a small, family-owned business, specialising in delicious cakes, afternoon tea, and scones (which can be enjoyed on their own or as part of a classic cream tea). Breakfasts and light lunches, as well as a carefully selected range of drinks are available year-round too! We have expanded rapidly since May 2019, but we have endeavoured to maintain our family feel and personable service.

The name of our tearoom pays homage to the original use of the space within Ketteringham Hall, a 15th century country mansion and

Grade II listed property. The hall has seen many uses through the centuries, although for much of its history it housed a succession of great families. During World War Two the hall was an active US Airforce Base, and in the 1960s it was used as a preparatory school until its purchase by Colin Chapman, founder of Lotus Cars, in 1970. The hall subsequently became the home of Team Lotus, housing design studios and workshops, and hosting many of the greatest racing drivers of the late 20th century. Lotus operations have since moved a short distance away, and a fantastic group of local businesses have moved in.

# EVENTS AND NEWS

## WELCOME BACK!

After a month-long hiatus, we're ready to have you all back, but this time we have brand new bathrooms and an extended and improved kitchen! What does this mean for you? We now have two ovens and far more storage space which means that we will hopefully be able to increase our efficiency and capacity, making for a smooth and delicious customer experience!

We are also excited to now have two, self-contained, non-gender-specific toilets, and to have one of these fitted with a baby-change! This means that all of our customers will be comfortable, and no parent will be excluded from caring for their child!
